

Sitting high atop midtown Manhattan, the North American flagship of this Japanese trading company embraces natural light, translucent glass panels, exquisite colors and sophisticated details that invigorate and unify the open plan. DatesWeiser standard and mobile tables and custom credenzas create a distinctive, welcoming environment.

Top: Highline Conference table with koto veneer, polished chrome open loop legs and edge, with table top technology. Left: Highline Fifty conference table with Calacatta marble top layered with polished chrome and white lacquer subtop and base, integrated technology drawers and microphones. Custom live edge table with Highline open loop base and integrated technology trough evoke an organic look and feel, a perfect example of DatesWeiser craftsmanship, shown right.
