

Opened in 2015 in downtown Pittsburgh near Market Square, the 32 story headquarters of this renowned financial services firm raised the bar for innovative workspaces in a sustainable, LEED® certified office tower. Vertically stacked interior “neighborhoods” feature bold colors, rich woods, and smart technology to enhance productivity and collaboration.

Top: Custom boat-shaped table with Imperial Danby marble knife edge top, center field technology in oil rubbed bronze, microphones. Highline conference table, Calacatta gold marble top, polished chrome legs, shown left. Drawings for center field technology, shown right.
